

# SOCIETY

By Miss Marie Rose.  
Phone 6111.

Mr. and Mrs. W. G. Wilkins had as dinner guests, Sunday, Colonel and Mrs. W. D. Foville, Mr. and Mrs. W. G. Burks, Mary Hamilton, Misses Mary Gay Foville and Mary Lee Burks.

We congratulate Uncle Rufus Pearson and his wife on reaching the 67th anniversary of their wedding which took place in Mexico in 1848. This grand old couple have never let Cupid slip out of their lives, and although they are now octogenarians they are as tenderly affectionate as sweethearts. Through the years they have been busy too, for the parents of eight children haven't much time to waste in idleness. Mr. and Mrs. Pearson are living examples of perfect union of souls, and as they sit in their comfortable home and chat with each other and minister to each other's wants one is forced to think that there is a union where the infidelities of present day marriages have no place.

The D. A. R. and some others who can't claim Revolutionary ancestors, enjoyed a picnic at Hardin College, Monday afternoon. The long table looked very enticing with its pink and white display of goodies and the pink and crimson rambles dotted here and there on the merry lawn. Inexpensive after dinner speeches were made by a number of the guests present. The party was enhanced by the presence of one man who behaved with becoming dignity. I am at a loss to explain his invitation unless he had more fighting ancestors than any other man in town. The out-of-town guests were Messrs. B. F. Robertson of Detroit, Oliver Garrison of St. Louis, Wallace Bruce of Fort Smith, Ark., Richard Myall of Liberty, Ralph Hamilton of Oregon, Harry Vick of New York, Misses Martha Sullivan of North Carolina, and Mary Lewis of Oseola, Mo.

Mrs. H. E. Tralle had as dinner guests, Thursday evening, Pres. and Mrs. J. W. Millon, Misses Margaret and Helen Millon, and John and Edward Millon.

The U. D. C. held their meeting this week with Mrs. E. E. Miller, Mrs. Rice of Perry gave a reading, Miss Georgia Miller gave a piano solo and little Miss Lela Ruth Turner said a recitation. Ice and cakes were served by the hostesses, Mesdames J. H. Minor and R. E. Miller.

Miss Ruth Robertson is entertaining a charming house party. The guests are: Misses Theodora Barnett, Violet Bullock, Josephine Ball of St. Louis, and Agnes Shackelford of Jefferson City, Messrs. Frank Cornett, Dean Johnson, Cliff Garrison, Walter Kobush, Elmer Adkins and Briggs Hoffman, all of St. Louis.

Miss Anna Lewis gave a Lyric party on Thursday evening. The guests included Mesdames J. A. Guthrie, X. P. Willey of St. Louis, W. G. Wilkins, Ralph Hamilton, Alfred G. Bush of St. Louis, James Carpenter of Kansas City, Misses Lela Winans, Florence Ford and Mary Lewis of Oseola. Ice was served at Buckner's after the movie.

Quite a jolly party will enjoy a three weeks' camp near Santa Fe. They will leave Mexico on July 1st. Those who expect to commune with Nature are: Misses Archie Cook, of Lexington; Dorothy Holmes, Willie Hook, Mesdames Emma Sharp, and Renee Holmes, Messrs. Robert Holmes, Will Williams, Joe Luckie and Dr. J. C. Pasquetti.

Will Williams gave a Lyric party Tuesday evening, complimentary to Miss Rice of Perry. The guests were: Misses Lela Winans, Mary Lewis, Allie Howard, of Slater, Victoria Brooks, Dorothy Holmes and John Armstrong, Messrs. John Guthrie, Wallace Feicht, Major Stoy, and Dr. Moore. After the show a lunch was served at Buckner's.

Miss Marie Rose was hostess, Thursday, for the Knitting Club, and a few other young ladies. A pleasant hour was spent in music and conversation over dainty needlework. Guests other than club members were Misses Bernice Smith, Mary Marks, Eva Miller, Elaine Silverstein, Margaret Tralle, Mary Louise and Mary Lewis, of Oseola.

Miss Elaine Silverstein gave a very enjoyable Orpheum party Monday evening. After the movie the party enjoyed dancing and refreshments at the hostess's home. Those in the party were: Misses Phyllis Frost of Vandalia, Vera Rutter, Anna McClure, Jeanette Bragg, Messrs. Lewis Wright of Kansas City, Morris Keith, Bryan Atchison and Glen Squires.

Dr. and Mrs. T. H. Winans had as their house guests, this week, Mesdames H. E. Gunzel of Pontiac, Ill., Harry Lewis of Oseola, and Alfred G. Bush and small son of St. Louis.

Miss Edna Armstrong took a few friends to the Lyric Thursday afternoon in honor of her house-guest, Miss Rice. The party included Mesdames James Jesse, J. W. Gallaher, Bradford Sappington, Owens Adams, Misses Mayme Ringo and Victoria Brooks.

Miss Willie Robnett is home from Farmington where she spent a delightful fortnight.

Miss Lillian Barrett, of St. Louis, is here the guest of her sister, Mrs. Ham McKinley.

Mrs. James U. Cullen, of Perry, is the guest of her parents, Mr. and Mrs. George Clark.

Miss Anna Veil, of St. Louis, will arrive next week to be the guest of Mrs. O. Poisson.

## STORM BLOWS DOWN BARNS IN THE COUNTRY NEAR HERE

St. Clair Emmons, at Long Branch, Suffers Heavy Loss From Severe Wind, Thursday Night.

The heavy wind storm of Thursday night not only leveled many trees in this city but did much damage in the country adjacent to Mexico. This was especially true in northern Audrain. St. Clair Emmons, just over the Monroe County line, on the Emmons & Son Long Branch stock farm, was one of the heaviest sufferers.

Mr. Emmons had the front porch on his home blown away, a large barn demolished although the six calves sheltered by it escaped without a scratch, a granary fattened to the ground, two small barns blown over and his two silos damaged.

The wind is reported as having done much damage in the neighborhood of Worcester. Baba-Brown, a prominent farmer 4 miles northeast, has the roof of a new barn, one of the largest in that section, raised by the wind. Ed Webster, another prominent farmer in that neighborhood, had his wind mill and silo flattened by the storm.

Robert Fritschner, living four miles north of Mexico, had the roof of his granary damaged by the wind which was severe there. His wheat is blown down, but he thinks it will straighten up by harvest time. The orchards in his vicinity suffered much from the storm.

Jessie Watts Almost Injured. Jessa Watts, who lives with Bob Leach, east of this city, had a narrow escape during the storm, Thursday night. Trees were blown down, telephone poles twisted to pieces and a chicken house flattened. Part of the chicken house was blown over the Leach's home and one of the boards blown through the wall of the house and it almost struck Mrs. Watts who was sleeping just beneath where it pierced the wall.

According to Dr. Kandy the creek near East Lake, is within three feet of its highest rise. Quite a number of fish are being caught in that vicinity because of the high water.

Jake Buckner, who farms just across the Audrain line in Callaway, had two silos blown down Thursday night.

Horace Mundy who lives three miles west of Mexico had his large new cattle barn completely destroyed by the wind. Pieces of the structure were found a quarter of a mile away and parts of the roof, which was made of sheet metal, were found buried in the earth. One young horse, in a pasture near by, was severely cut by the flying metal, but will recover. The barn was not in use.

With the wind there was 25 of an inch of rain at Mexico.

The wheat in different parts of the country was blown down, but the damage done was not as great as was first reported. The grain, according to the opinions of several farmers interviewed, will straighten up in plenty of time for harvest. In many cases it was not injured in the least.

L. M. Angert received a letter from his son, Raymond, who is in Paris telling of the damage done by the wind there. It follows:

Paris, Mo., June 17, 1915.—"A cyclone passed over this place at 7 p. m. tonight, doing a great deal of damage. It blew the roof off the Dooley Hotel where I am stopping and destroyed several other buildings near the hotel. The buildings at the Fair Grounds were leveled to the ground. I think no one is hurt, at least I am all right."

Raymond Angert.

Thousands of dollars worth of property was destroyed at Paris. John C. Woods, a former Mexico boy, and Paul Nippes were struck by flying timber but fortunately escaped serious injury. Five inches of rain accompanied the storm. The storm occurred about 7 p. m.

The two smoke stacks on the power house of the Electric Line were blown down. The traffic was considerably hindered Friday, but the car managed to make its trips.

Five cars of wheat on the side track at Paris were blown over and the new court house was severely damaged.

WHAT \$10 DID FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."

Mrs. MARY HAZEL, 601 Colquhoun Street, Danville, Va.

## OILING STREETS AND THE ROADS COSTS BUT LITTLE

D. L. Morton, of this City, With the Standard Oil Corporation, Tells Columbia Club.

"Oiling Dirt and Gravel Streets," was the subject of an informing talk by D. L. Morton of Mexico, district manager for the Standard Oil Co., who spoke at the commercial club luncheon Thursday, says the Columbia Tribune.

There is an asphaltum base to the road now used in oiling streets and roads and the road oil used is more dense than that used some years ago in California when oiling roads first came into general practice. The "slush oil" as it is called is the refuse of the crude oil after valuable elements are extracted. It is compounded with asphalt so that it is heavier than water and will penetrate the ground, bind the dust, and shed water. The road oil penetrates four inches or thereabouts. The surface is not hard, so that noise is not objectionable, and dust does not fly. The oil used is made and tested that it not over 8 per cent of the oil evaporates in 48 hours when subjected to a heat of 325 degrees in an oven, at the plant. That makes it sun-proof to a large extent, and it does not evaporate much.

A road oiled for two years will go the third year without oil and hold up in pretty good shape. It is important to get the dust off the street, sweep it down to hard soil, and then oil. Oiling should be done during hot weather. Fifty per cent of the road oil is asphaltum. It weighs 3 to 10 pounds per gallon.

It costs about 5 to 10 cents a running foot to oil a street 30 or 40 feet wide.

The Standard Oil Co., also makes a filler for brick streets that is still thicker and more dense than the road oil. The filler oil is used to pour on top of a worn brick street. It makes an asphalt-like street. The filler costs \$12.75 per ton.

To oil a country road requires about 3,000 gallons per mile, or a cost of about \$30 per mile. This is for the oil, delivered here, and hauling and applying must be figured in addition.

### Distress in the Stomach.

Distress in the stomach after meals, accompanied by a headache and other annoying symptoms is due to indigestion and easily remedied by taking Chamberlain's Tablets. Mrs. Henry Fudgman, Victor, N. Y., writes, "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere. Adv.

### TO GIVE CONCERT JULY 3.

The Mexico band under the management of Major Stoy of the Missouri Military Academy, will give two programs July 3, at the community party. One in the afternoon at 4 and another in the evening at 7 o'clock. There will be no concert June 26 as has been announced because the leader thinks that the band should make its first grand appearance community day. The band has been enlarged and strengthened by the addition of several players who have been attending the University and Colleges. The new players are Howard Keith, clarinet and player in the University band; Morris E. Dryden, horn; Minter Bragg, and Ben Lock, both cornet. With this addition of new players the Mexico band should be one of the best in the state and the concert they give at the community party will be one of the finest entertainments of the season.

### Funeral of Mrs. Acton.

The funeral of Mrs. James Acton who died at her home near Benton City, Tuesday was held in this city Friday at the Christian church at 3:30. The Rev. W. A. Shullenberger preached the funeral. The pallbearers were: Wm. Willamhart, Al Willamhart, Chas. Dickman, Joe Quinlan, Geo. Settles and Roy Brantly.

Mrs. Acton's only sister, Mrs. Claude Lee of La Salle, Col., and her four brothers, Jos. S. McIntyre of St. Louis, Eugene McIntyre of East St. Louis, Clarence T. Wash and Chas. T. Wash both of Washington, D. C., were all present at the services. The remains were buried in Elmwood cemetery.

### MRS. L. E. BECK DIES SATURDAY

Mrs. L. E. Beck of Prescott, Ariz., formerly Miss Beatie Tucker of this city, died at the home of her mother in Mexico Saturday morning, June 19 at eleven thirty, after a sickness of nearly a year. Mrs. Beck was the daughter of Mrs. J. W. Tucker and was born June 28, 1892. She was twenty three years old at the time of her death. In 1909 she graduated from McMillan High School and later taught several years in the primary department of the central school. About two years ago the deceased married L. E. Beck of Prescott, Ariz., and made that state her home. She returned to Mexico with her mother last week and immediately became worse.

The funeral was held at the home of Mrs. J. W. Tucker on Liberty St., Sunday afternoon at 3 p. m. The Rev. S. W. Hayne of the Methodist church will conduct the funeral services. The pallbearers were: Jesse Bratton, James Bratton, Ben Elliott, Ray Dillard, Thurman Stallings and Jewel Null.

Mrs. Beck was a member of the local Methodist church and was a fine Christian character, who will be missed by her many friends in Mexico and Prescott. She is survived by her husband, L. E. Beck of Prescott, Ariz., her mother, Mrs. J. W. Tucker, her sister, Miss Pearl and her brother, Orval E. Tucker of this city.

The Ledger joins all the community in extending sincere sympathy to the bereaved family and friends.

## PROPOSES TO BUILD ELECTRIC LINE SOUTH

Marshall Rust Offers Commercial Club Proposition to Extend Electric Line Southward.

Marshall Rust, president of the Mexico Investment and Construction Co., submitted a proposition to extend the electric line fourteen miles south, to near Brown's corner, at the weekly luncheon of the Commercial Club, Friday noon. The main idea of Mr. Rust is to benefit Mexico and the surrounding country. Mr. Rust stated he was willing to hear any proposition that would build the road and then he gave the club his idea of how it could be best accomplished. He proposed that the citizens of Mexico raise \$35,000, which would be only a part of the money necessary to make the fourteen mile extension.

"Mexico has all the wealth that is needed to build the road, even to Columbia and such an extension is sure to bring large returns to this section, in time," Mr. Rust said.

Then he told the club that the trolley wire had been strung all the way to Santa Fe on the north part of the line and the track is being laid as fast as the weather will permit. He was sure the cars would be running to Santa Fe sometime in the next sixty days.

Mr. Rust also stated the road to Molino was self-supporting and the amount of business would more than triple when the line reached Santa Fe.

The matter of extending the road southward was submitted to the board of directors and the Railroad committee for further consideration at the earliest possible date.

Wm. Pollock, president of the Railroad Committee presented correspondence from the Burlington Railroad informing the club that the Burlington would build no line through Mexico this summer.

### First Snow in City's History.

Muskogee, Ok., June 18.—For a half hour Wednesday morning fine flurries of snow swept into offices of the tall buildings, but the flakes melted when they reached the ground. This is the first time known of snow here in June.

### CLASS OF '14-GET-TO-GETHER.

The students of the High School class of 1914 had one of their old time "get-together" socials in the McMillan High School building Thursday night. The party had intended to go to the Iron farm for a night picnic, but the weather prevented. A delicious lunch was served at the school and after a social hour, all went to the Lyric to see "Tillie's Punctured Romance." The chaperones were Misses Elma Snidow, and Frances Glandon. Those who attended the picnic were Misses: Nellie Noel, Mildred Pearl, Lucile Kunkel, Grace Langenbach, Alma Shoult, Louise Willard, Mabel Threlkeld, Nina Machin, Jessie Morris and Messrs. Wm. Greer, Louis Jesse, Geo. Irion, Clayton Snook, Halley Bradford, Leonard Coatsworth and Morris Dry.

### June Rain Record Broken.

Washington, June 18.—Twice as much rain has fallen throughout the country thus far in June as fell in both April and May, the Weather Bureau announced Thursday. Last April had the lightest rainfall of any on record in many parts of the country.

### Miss Gupion Hardin Solicitor.

Miss Jessie Frances Gupion of the Hardin Conservatory of Music, has departed for Oklahoma and Texas in the interest of the college. Miss Gupion is a member of the Hardin faculty and will travel for the college all summer.

Mrs. J. M. Pollard has returned to Kansas City. She was accompanied home by Mrs. J. E. Durkee who will visit in Kansas City for some time.

### Miss Gertrude Fry is home from Kirksville to spend the week end.

"I Don't Feel Good" That is what a lot of people tell us. Usually their bowels only need cleaning. **Renall Orderlies** will do the trick and make you feel fine. We know this positively. Take one tonight. Sold only by U. S. C.

Otis Purdy.

## RUSH HILL COUPLE WED HERE TO P. M. FRIDAY

El Pasley and Miss Beattie Beagles, Well Known Here Were Married at the Court House.

Friday night at ten o'clock, Recorder Stephens was awakened from his pleasant dreams and rushed to the court house to issue a marriage license to El Pasley and Miss Beattie Beagles, both of near Rush Hill. Mr. Pasley is a young Rush Hiller and is very popular in that section. Miss Beattie Beagles is the daughter of Mr. and Mrs. Monroe Beagles who have one of the largest farms in Audrain county. The bride has attended McMillan High School and is also a graduate of Hardin College. She has many friends in Mexico, all of whom will be a surprised to hear of her wedding.

Mr. Stephens, who is a personal friend of the Beagles, thought the affair very important and insisted that all of his family go with him to witness the ceremony. They consented and he took his wife, daughter, Miss Ellen, and his nephew, Curtis Stephens, of Shenandoah, Iowa, with him to the court room. He found that the anxious couple had the minister all ready at hand and after the scratches had been placed on the paper all looked around for a suitable wedding room. It was suggested that the circuit court room be chosen because of its largeness and its dignified appearance but on a second thought it was pronounced unsuitable because it is the place to get divorces and not marriage. A brilliant mind conceived the idea of converting the ladies rest room into a suitable place. A few chairs were moved and all was ready for the marriage ceremony. The Rev. W. A. Shullenberger united the couple with one of the prettiest ceremonies ever heard in this city and then Mr. and Mrs. Pasley rushed for their automobile and returned home.

Besides the pastor and Mr. Stephens and his family there were at the wedding: Miss Fern Juelpha of this city a friend of the bride, Wm. Doolin and wife of Rush Hill who accompanied the couple to Mexico in the automobile and Mr. Niel Livingston, secretary of the Recorder.

The young people will make their home in Rush Hill. Their many Mexico friends wish them much happiness.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it swells and shuts off the hearing, and when it is entirely closed, deafness is the result. The inflammation can be taken out and this tube restored to its normal condition. Hearing will be restored forever, and cases out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous surface. We have the best medicine for curing deafness. It is called **Renall Orderlies**. It is sold only by U. S. C.

### G. R. ROLLINS DROWNED.

Columbia, Mo., June 18.—George Bingham Rollins, 64 years old, member of one of the most widely known families of Missouri, was drowned Friday morning in an old well on his farm near Columbia. His body was found by his daughter, Miss Margaret Rollins, and his son, Frank, who worked by his long absence from the house, had gone in search of him.

Broken planks over the well, which the recent rain had filled with 15 feet of water, told the story of the drowning.

Mr. Rollins had remarked that the old well was dangerous, and it is believed that he had gone to inspect it with a view to having repairs made. Evidently the rotten planks had given way under him.

Son of James S. Rollins.

Mr. Rollins was the son of the late Maj. James S. Rollins, whose services as a legislator in behalf of the University of Missouri earned him the title of its "father."

### WILLINGHAM REGAINS BIRTH.

Ed Willingham who played short stop for the Mexico Athletics and who was removed by election some weeks ago because it was thought he had been disrespectful to an umpire, was given back his birth after a thorough investigation in Columbia, Friday. He was found not guilty of the charge, and will take his old place on the Athletics team. In addition to Willingham manager Blatner has secured McCreigh and Jenkins of Higbee for the local team. In the future Blatner will direct his team from the bench and will not play in the game himself. The Athletics will meet the Centralia team on Colonial Hill Sunday afternoon.

Ralph Contaworth, a senior at the Missouri University taking engineering, departed Friday for Madison, Wis., where he will attend summer school.

L. M. White, junior editor of the Ledger, left for Chicago today to attend the International Ad Club meeting there. Mr. White went to St. Louis where he will accompany the St. Louis Ad Club on their special train.

Mrs. C. B. Sabastian, of Columbia, is visiting here.

## STORM KILLS 17 SWEEPING OVER 3 STATES

Houses are Destroyed by the Hundreds—Seven Members of one Family are Dead.

Kansas City, June 19.—Seventeen are known to be dead and a score injured as a result of a series of tornadoes sweeping Missouri, Kansas and Nebraska Thursday night. Wires in all directions are still down, but reports reaching here show much loss of life and great damage to crops.

Wheat in the fields ready to be harvested has been beaten to the ground and oats and corn washed out. The table of dead follows: Omaha, Kan., 7. Westmoreland, Kan., 3. Nevada, Mo., 2. Richmond, Mo., 3. Harrisonville, Mo., 1. Beatrice, Neb., 1.

At Onaga a family by the name of Burgess was almost wiped out, seven killed and an eighth member being seriously wounded. At Westmoreland a railroad gasoline motor car plunged through a bridge weakened by heavy rains and three were drowned. Five other persons in the car reached the bank in safety.

At Harrisonville and Beatrice men were struck by lightning and killed while at Nevada and Richmond tornadoes wrecked houses and barns in a wide path near the city, leaving death and destruction behind. The storm struck the edge of Richmond, unroofing many buildings and putting the electric light and telephone system out of business.

High winds unroofed many houses and demolished small buildings in Paris, Mo., and near Lamotte, Mo. So far as was known at noon no lives had been lost at these places. The storm was moving eastward toward the Great Lakes.

Many cellars were flooded in St. Joseph, Mo., where two inches of rain fell. Families were forced to move from their homes in the low-lying districts.

All trains entering Kansas City were late Friday, and many of them were reported held up for many hours to come by washed out tracks.

The Government Weather Bureau forecasts in this section set out flood warnings Friday to all points in the Kansas River Valley, and along the Missouri River between here and Jefferson City.

### If You

are troubled with heartburn, gases and a distressed feeling after eating take a **Renall Dyspepsia Tablet** before and after each meal and you will obtain prompt relief. Sold only by U. S. C.

Otis Purdy.

### MEXICO BUSINESS MAN WEDS.

W. L. Davenport, manager of the Morris-Haas Poultry Company of Mexico, one of our most prominent and successful young business men, will be married in Kansas City at eight o'clock tonight to Miss Kathryn Hardman, 1516 Broadway, a most accomplished and lovely young lady most popular with all who know her. Mr. and Mrs. Davenport will make their home in Mexico, and the Ledger joins our people generally in extending congratulations and a cordial welcome to Mexico. May they live long and prosper.

## THE POWER behind the dough

You may use an old favorite recipe and the best of materials and make it carefully, the oven may be just right, yet you will have a failure if "The Power behind the Dough" is not the right one to leaven it properly and make it light, digestible, wholesome.

Good baking powder is out of the question. K. C. Baking Powder has wonderful leavening power, and the double action—in the bowl and in the oven—makes good results doubly certain.

Take no chances of failure—use K. C. and have "good luck" every time. At all Grocers.
